WHO WE ARE?

Established in 1999, Millennium Group specialises in sourcing, acquiring and managing real estate assets in London and Ireland. Offering a unique, integrated, and personalised model, we aim to maximise asset performance with market leading advice and execution.

Millennium Group's core strength is our Asian DNA, more years than most of us care to count of long-standing relationships and mutual trust with Asia's most prominent real estate families, listed companies, SWF and institutions

To strengthen our service in asset management and property management, Millennium Group formed strategic alliances with renowned UK property consultancy Allsop LLP and market-leading property management company MAPP. With this synergy, we can serve our clients through the entire cycle of property investment seamlessly, tailored to individual or corporate requirements.

LEADERSHIP

Martin Kaye
Founder and Chief Executive Officer
Millennium Group

“Responsible investing has been front and centre throughout Millennium Group’s history as a company. We are defined by integrity, diligence and accountability.”

Our key ingredient is:

All three companies complement each other with completely different skill sets.

Millennium Group, founded 23 years ago - an Investment and Development manager;

Allsop is a 110 year old partner led household UK property service company;

MAPP, founded 24 years ago, is an outperforming management company with strong UK institutional clients.

We all share an internal culture of positive progression and very similar ambitions, client-centric cultures, with a view on the bigger picture addressing how best to service our clients needs collectively.

The success of our organisation is measured by more than just AUM growth and transactions. We take great pride in how well our organisations are integrated and operate as a single team for the client depending on their unique requirements.

The core of our company’s culture code, it is where trust, integrity and performance meet. We have built and sustained longstanding trust with our clients and partners earning us investor confidence.

HONG KONG & SINGAPORE

MILLENNIUM
GROUP

Steve Lydon
General Manager
Millennium Group Singapore

Hong Kong & Singapore continue to lead as the key Asian cities for regional capital management.

Our Asia offices in Hong Kong and Singapore are the nucleus of capital origination for our Group. We sit closely with our capital partners assisting them navigate multiple asset classes across the 4 corners of the United Kingdom and Ireland.

These two cities combined produce a significant amount of all of Asia's outbound capital into real estate globally.

Dublin, a gateway city where many international corporates base their European HQ's, continues to capture inbound foreign capital into its resilient property markets.

Iain Chapman
Managing Director
Millennium Group Ireland

With a strong, open economy, and unrivalled tax incentives, it's no wonder that investment in Dublin is strong.

With substantial technology, pharma and finance services companies, it is the only native English-speaking country in the EU, resulting in Ireland's GDP growth being the fastest in Europe since 2017.

This has fueled capital from all over the world into different sectors of the real estate market.

STRATEGIC PARTNERSHIP

MAPP

Nigel Mapp
Founder and CEO - MAPP

Seven years on, many trips to Asia later and with a lot of hard work, we are managing over £3.5bn of assets for Asian Real Estate investors in the UK.

MAPP manages £15bn of commercial property all over the UK and is responsible for 9,000 occupiers on behalf of clients which include Funds, REITS, Trusts, overseas investors and Private Equity backed Investment Managers. We employ over 600 dedicated professionals and site ambassadors some fluent in Mandarin and Cantonese. New technologies, new collaborations and a whole heap of new ideas, all designed to deliver better experience for occupiers and improved assets and returns for our clients have propelled MAPP to be the leader in their field in the UK.

- Established in 1998
- First real estate advisory business in the UK to be certified B Corp
- Offices in Birmingham, Bristol, Glasgow, London, Manchester and Newcastle
- 900 properties managed
- Over 600 team members

ESG POLICY

MILLENNIUM
GROUP

ESG has gone from a nice to have that comes with a cost, to an absolute business imperative, driving value creation and risk mitigation.

Millennium Group is recognised as a corporately responsible company doing well for both our clients, and staff, and the community and the environment. Our commitment to ESG is central to our corporate ethos.

We proactively harness our environment responsibilities in governing our team members and advising our clients. In managing all of our assets we embrace environmentally critical issues including sustainability, health and safety, and the society at large. We recognize that duty of care runs for the entire life of every investment. The performance of the real estate assets we acquire and manage are tied to how well they navigate the challenges of climate change, soaring energy costs, a shifting regulatory environment, and evolving tenant demands.

ACQUISITION AND EXECUTION

We evaluate full financial feasibilities on each asset in line with the investment criteria and thesis, coupled with addressing the risk and opportunities, including the exit strategy.

5 FLEET PLACE, EC4
Hong Kong Private Investor

125,000 sq. ft
Core

Our analysis, whether core, core+, value-add or opportunistic, will combine multiple components and assumptions to satisfy our investment recommendations:

- Financial feasibility and economic analysis
- Environmental and sustainability investigation
- Thorough lease income review, and renewal mechanisms
- Operating and capital budget development
- Verifying zoning and governmental compliance
- Evaluating repositioning potential
- Inspecting M&E property conditions and addressing capital costs
- Forward looking income and comparative market analysis
- Asset or corporate acquisition and any latent capital gains
- Debt capital terms and conditions
- Capital allowances and tax impact

ACCOMPLISHMENTS
